- 1.Log into your Amazon account
- 2.Go to "Your Orders" and find the purchase
- 3.Click on "Contact Seller"

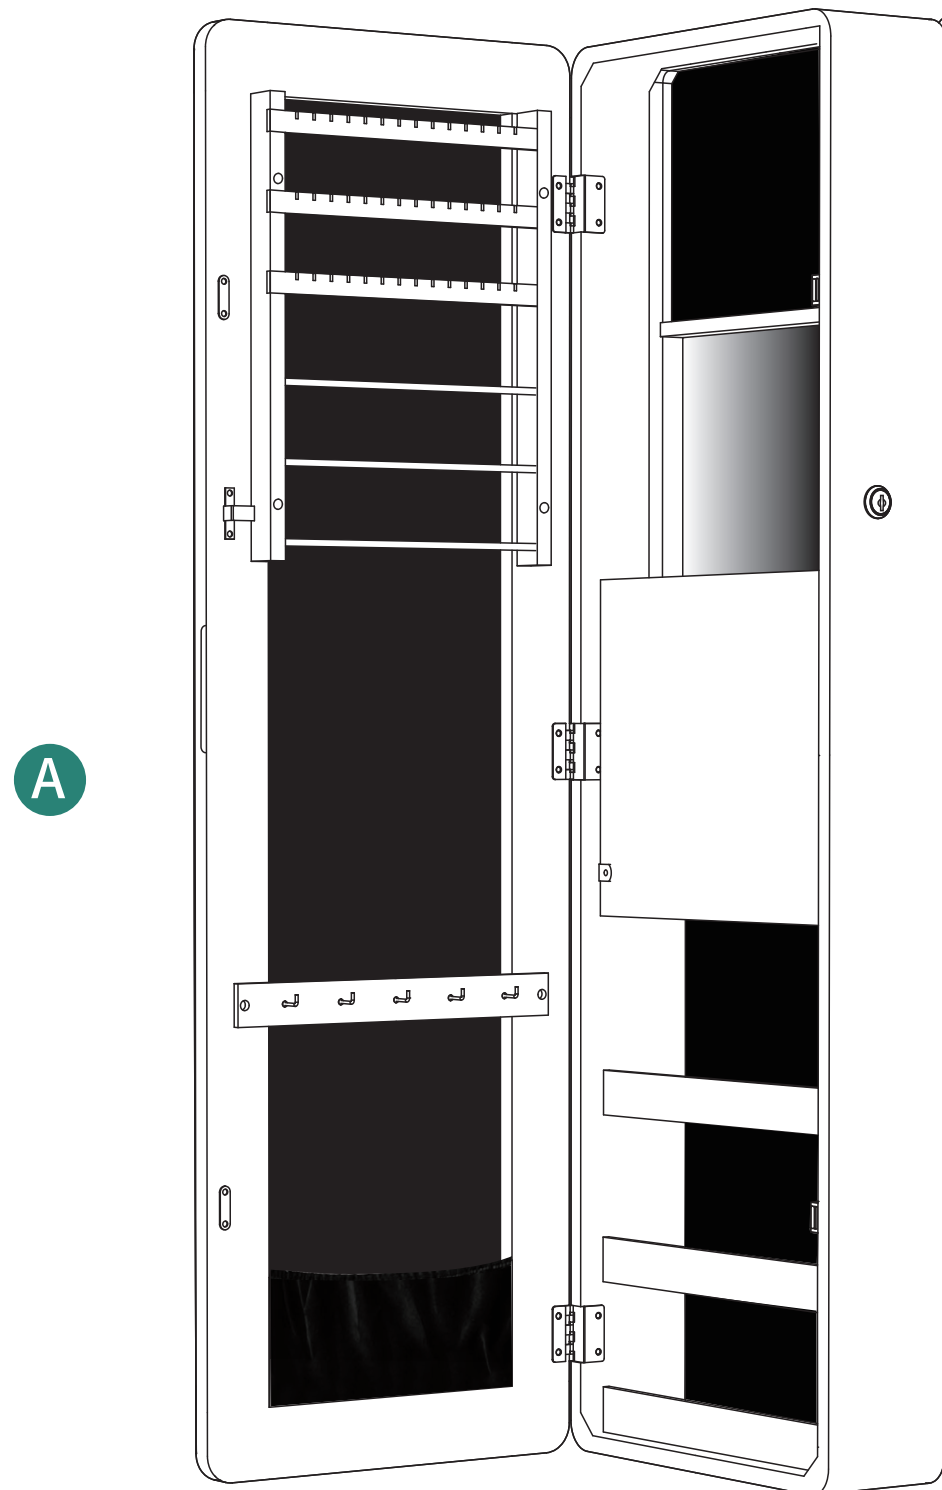

**FRAMED MIRROR**

 Keep away from children during installation. Children should not climb or hang on this framed mirror.  
Keep the product door closed when not in use.  
Open and close the product door gently to prevent the contents from falling.  
Periodically check that all components are firmly fixed,tighten loose parts if necessary.  
An electric drill, a hammer, a Phillips screwdriver, and a tape measure are required for mounting the framed mirror.

Installation Completed

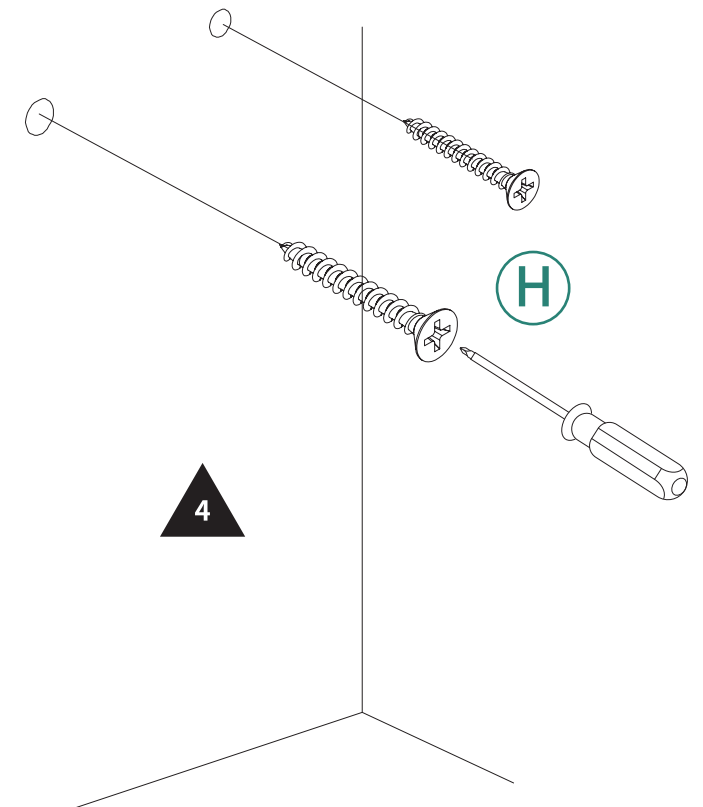

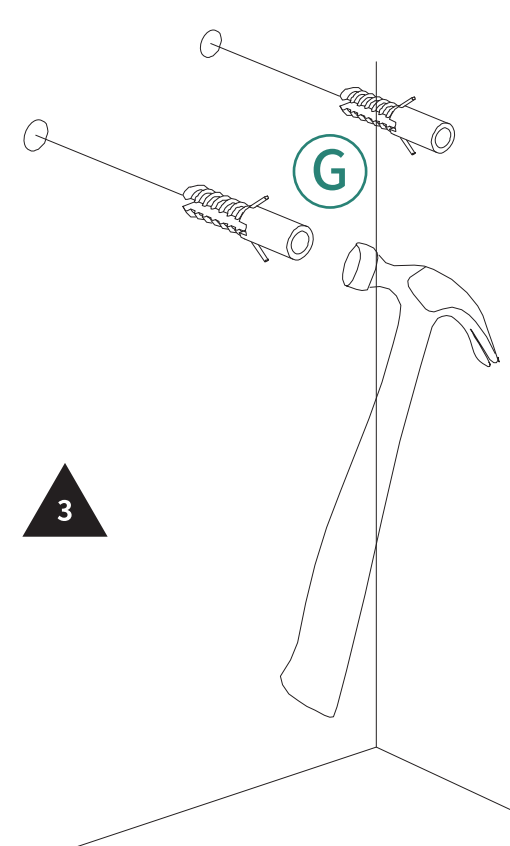

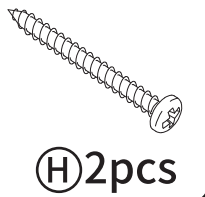

### Option Two: Mounted to a wall

# 1

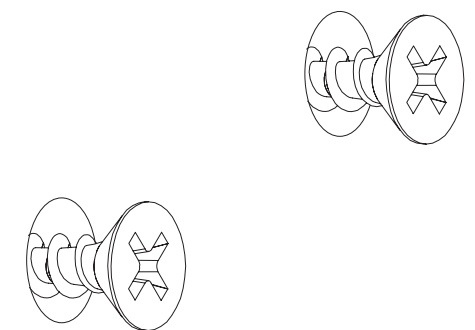

Measure the distance between the mounting holes on the back of the product and drill correlating holes in the wall.

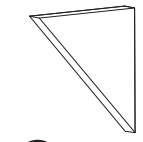

# 2

**Note:** Do not screw the mounting screws all the way, enough screw should be left for hanging the framed mirror.

## How to turn lights on and off?

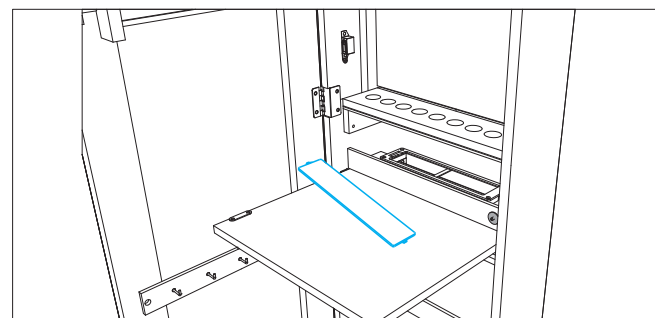

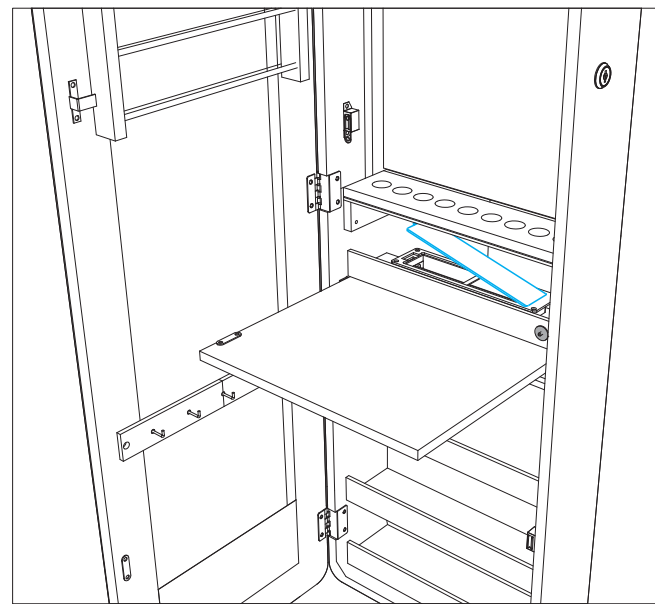

1.Rotate part 1 to horizontal position.

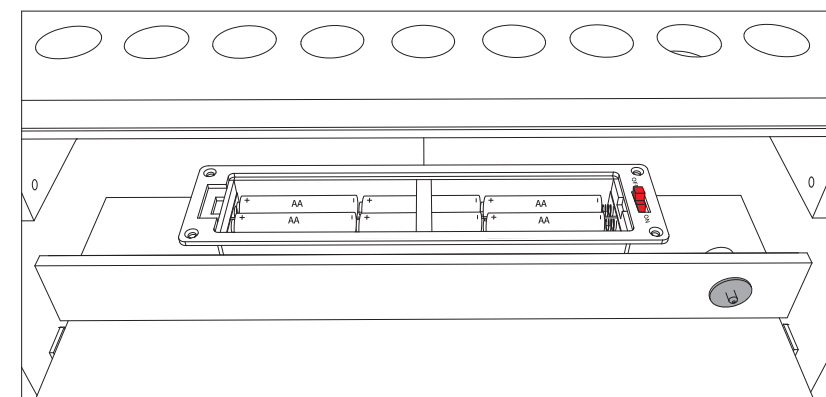

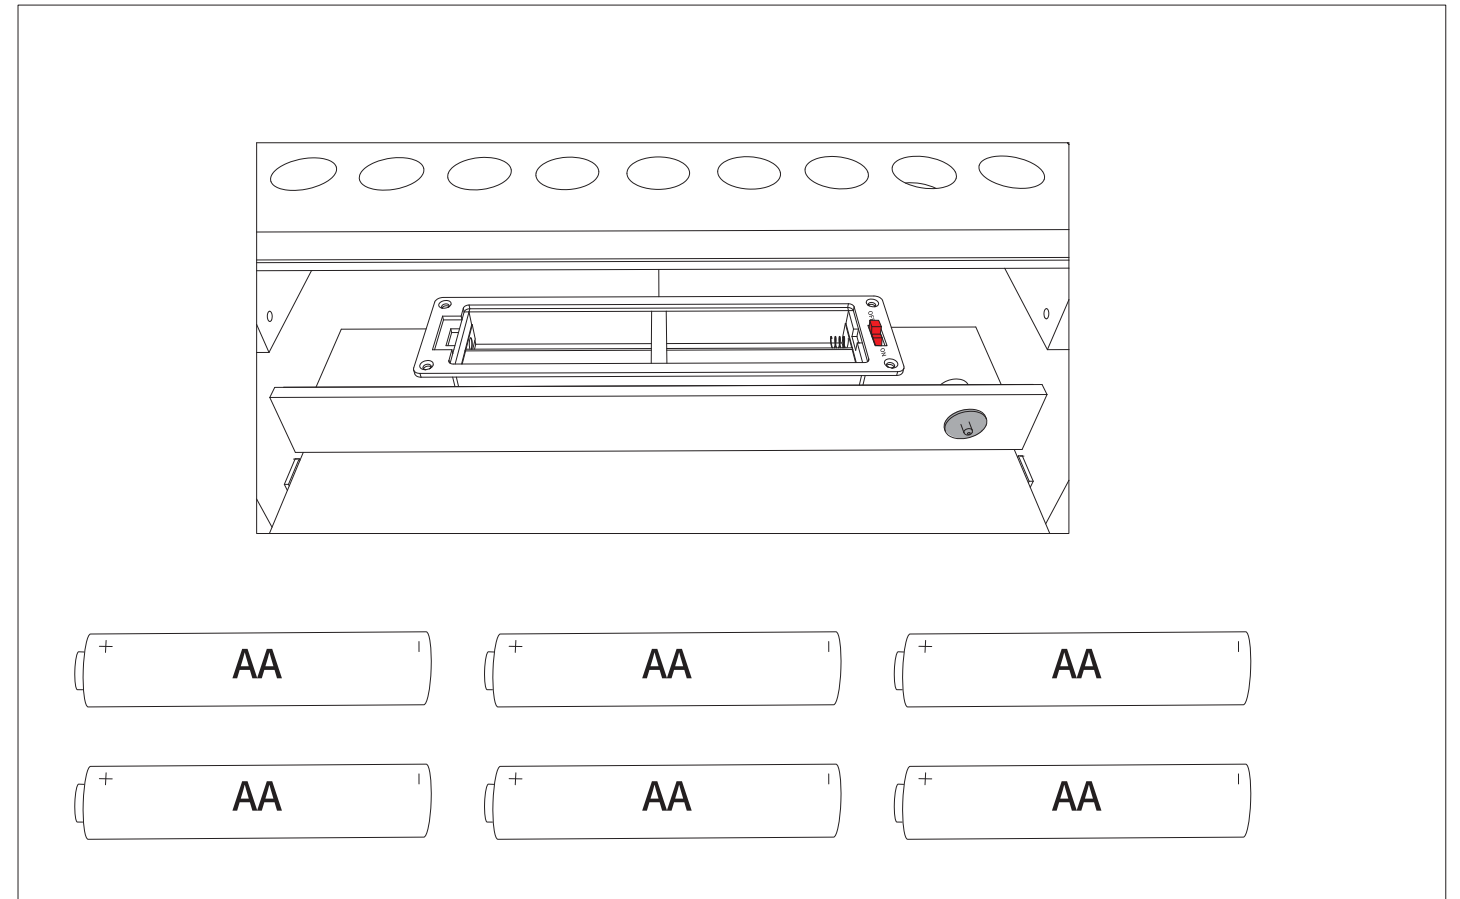

2.Remove part 2.

3.Remove part 3.

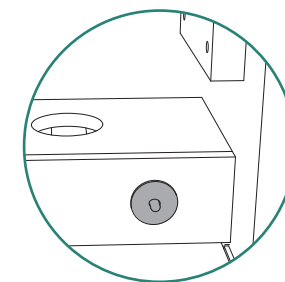

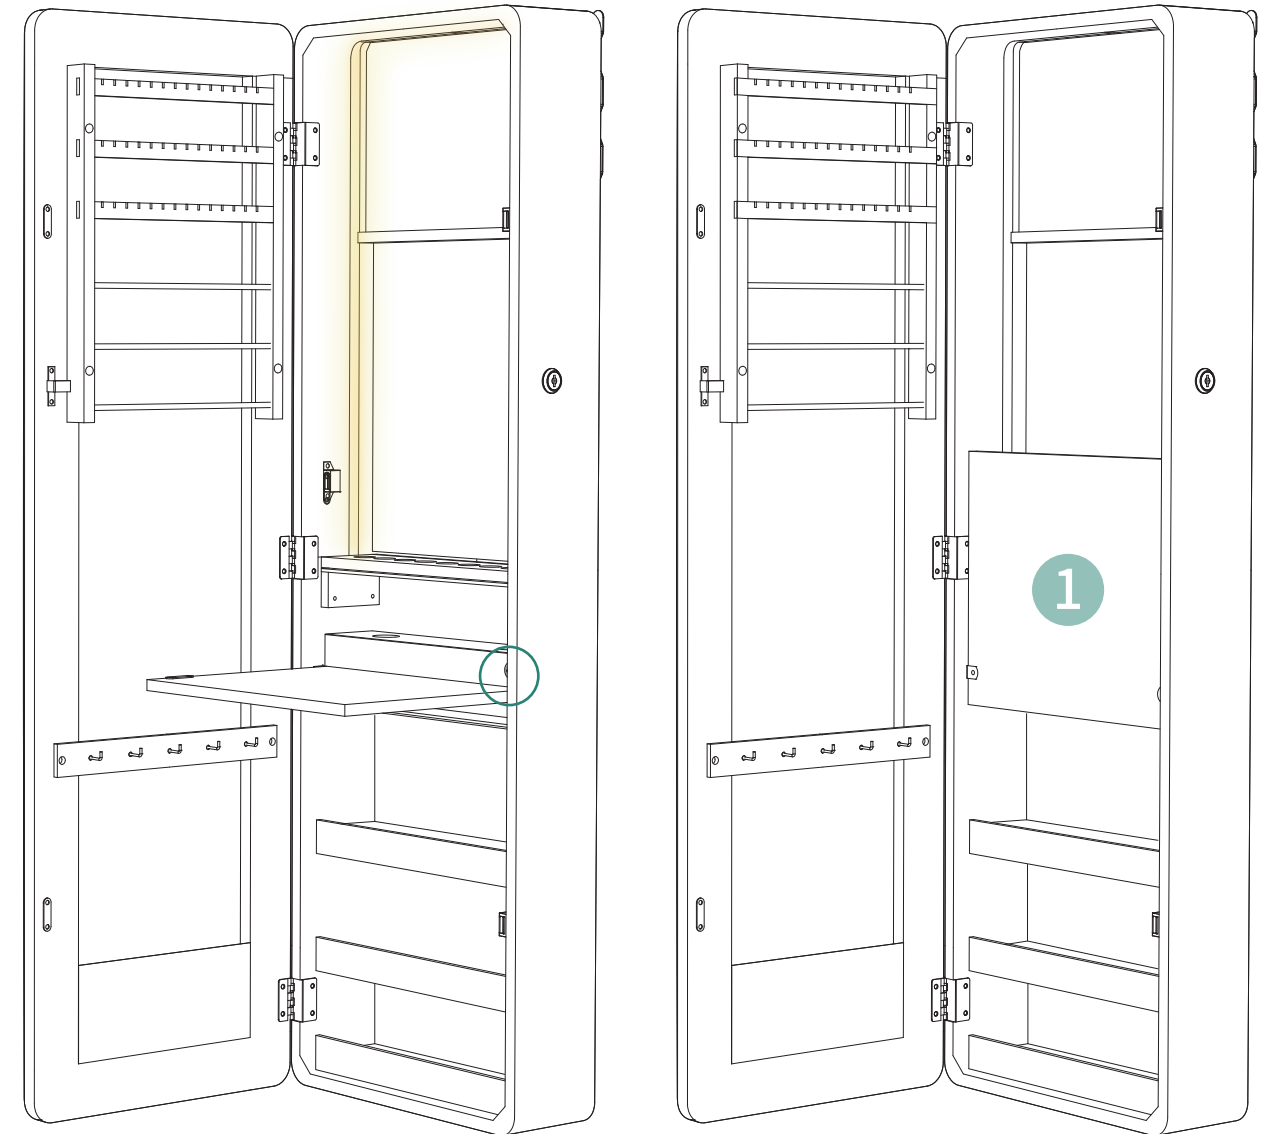

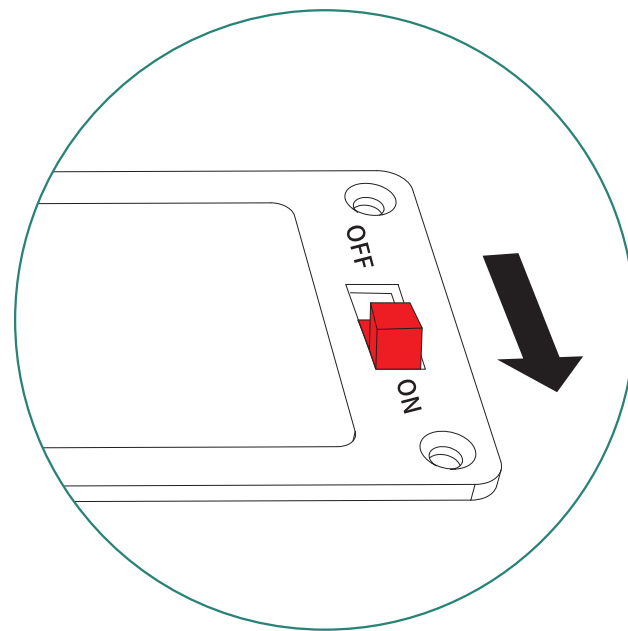

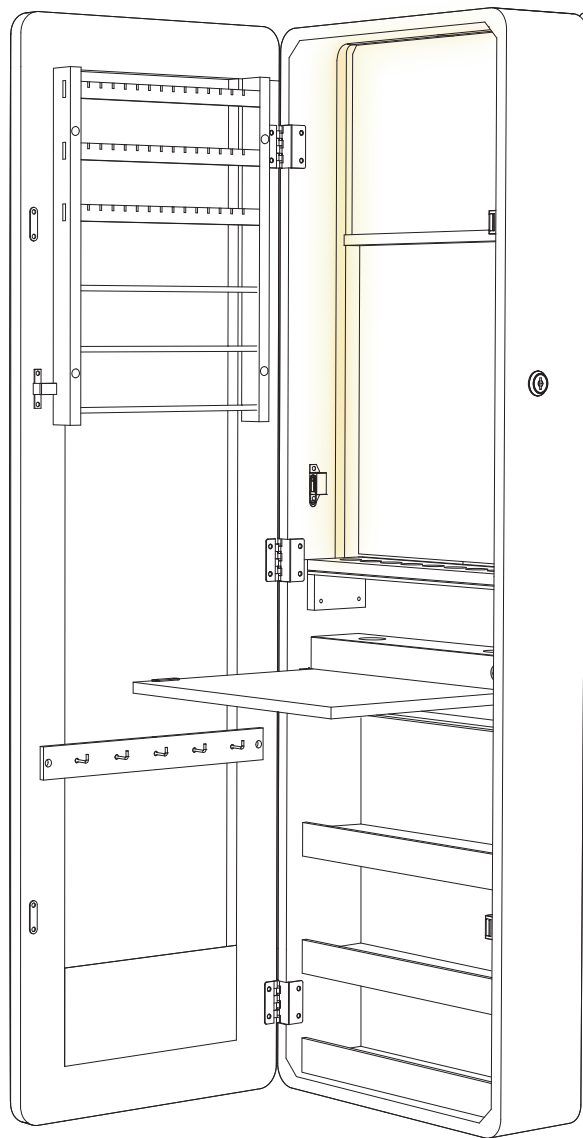

4.Put in six AA batteries.

5. Flip on the red switch to turn on the light  
(The light's color temperature is subject to the specific object).
6. Put Part 2 and Part 3 back in place.

Door touch switch

Horizontal

Vertical

**Note:** Door touch switch is installed in the cabinet so you can turn the light on and off by rotating Part 1.  
Lights turn on when Part 1 is placed horizontally and off when placed vertically.
