10X13 FT OUTDOOR HARD TOP GAZEBO

1. Two or more people are required for assembly.
2. A ladder and electric drill may be necessary.
3. Do not erect the structure in heavy winds or inclement weather.
4. Do not leave up this unit for extended periods of time, as it is not a permanent structure or designed to withstand sustained wind or rain. It is a temporary, portable shelter that shields you from sunlight and rain. The screens also block flying insects.
5. Do not use candles, matches, or any open flames near the tent.
6. To better align the screws for practical situations, do not fully tighten screws initially.
